

PreCalculus Review Lesson & Assignment 11

Monday 4/27 (A) & Tuesday 4/28 (B)

Review Lesson:

Open the Day 11 Review Lesson. This lesson reviews all of our Unit 5 on EXPONENTIAL AND LOGARITHMIC FUNCTIONS. **You are not required to print or submit this practice.** Watch the Introduction Video. Work through the problems to the best of your ability, asking questions along the way if you have them. (Just send me an email.) When you feel good about your work, watch the KEY video posted on the Day 12 page of our website (AVAILABLE Tuesday, 4/28) to check your answers. Again, if you have any questions, just ask.

Use www.desmos.com OR the TI-84 at <https://education.ti.com/en/software/update/free-ti-software-license-student> for your graphing needs.

You DO NOT need to submit anything for Day 11 review.
